Report From the Librarian:

It was a good year for the library with increased usage of the library's materials. The book circulation increased to 13,667 from 12,127 last year; magazines to 771 from 634 and records to 166 from 81. Almost 4,500 books were borrowed from the Bookmobile plus additional materials from the State Library in Concord, Keene Public Library and other libraries in the state.

High School classes in Childrens' Literature, taught by Mrs. Nichols, visited the library several times during the year to examine and borrow books from our childrens' collection. The Jack & Jill Nursery School also visited the library for a short story time and explanation on how

to use the library. The summer reading program using Cheshire County Indians as its theme was very successful with 57 young people enrolled and over 1000 books read. Program closed September 1st with a slide talk by Professor Howard Sargent, archeologist from Franklin Pierce College.

Gifts of individual books such as "Historic Homes of Cheshire County, v. 2", "Hampshire Pottery" and others as well as book collections were made to the library. When Mr. Arthur Edwards of North Swanzey and father of Mrs. Lee Bowman, died in September, Mrs. Lester Pelletier started a fund for the library in his memory. Friends and neighbors contributed to the fund which was used to buy books for the library.

The library has started a small collection of material of historical interest such as histories, pictures, clippings, etc. on Swanzey and other area towns. Additional material donated to the library would make the collection more complete and usable and would be very much appreciated.

The Building and Antiquarian Committees of the Library Association has assumed the responsibility for the town in the building of a fireproof structure to house historical records, irreplaceable documents and antiques. Work has started on the building under Emile Legere, contractor. Monies for this project came from a fund left to the town by Mr. Carleton for this purpose, and last year the town voted to raise and appropriate the additional funds necessary to build the proper structure.

Respectfully submitted,

Mrs. John Palm, Librarian

POLICE STUDY COMMITTEE

Several meetings were held during the year by the Police Study Committee which is a continuation of the 1970 committee. Meetings with various individuals of the Swanzey Police Department and members of the Governor's Commission on Crime and Delinquency led to the following recommendations:

- (1) Due to the low pay per hour paid to the Swanzey Police relative to surrounding areas, the Committee recommends a wage increase of \$.25 per hour (from \$2.00 to \$2.25 per hour) for Policemen, at an anticipated annual increase of approximately \$1,125, and that the Selectmen take the necessary steps to gain approval for this increase from the Federal Wage and Price Control Committee.
- (2) There is a considerable financial disadvantage to the owner of a personal vehicle used for police work. The wear and tear and depreciation are unusually high. Therefore, the Committee recommends a \$.02 per mile increase (from \$.10 to \$.12 per mile) of official mileage by Policemen when using his personal vehicle, at an anticipated annual increase of approximately \$800.
- (3) As was the intent of the Committee report of 1970, it is recommended that the clothing allowance of \$500, with a maximum of \$50 for any one man, be a continuing item of the budget each and every year.
- (4) The schooling provided for in the 1971 budget is considered to be extremely successful and beneficial to the Police Department and the town of Swanzey. The Committee recommends that \$500 be budgeted in 1972 and each subsequent year, until an undetermined date, for the purpose of schooling and training of the Policemen in a program selected and approved by the Chief of Police. Every effort must be made by the Chief of Police to assure that Federal Participating funds are obtained wherever possible, to augment the schooling and training.
- (5) If money becomes available in the proposed budget and Federal Participating funds are granted, the Committee recommends that two (2) each of the two frequency type Portable Radios be purchased for the Police Department. The radios will be extremely important when the Policeman is separated from his car radio or for search and rescue operations.

Other items discussed by this committee which, it is felt, should be studied at greater length were (1) the need for at least one Police

Cruiser, and (2) separate quarters for the Police Department.

REPORT OF SWANZEY PLANNING BOARD

Regular meetings 1st Thursday every month.

Special and work meetings as the need arises.

Twelve regular monthly meetings were held on the first Thursday of each month in 1971. There were 8 special work meetings also held during the year.

Three public hearings were held and very poorly attended by the residents of the town.

There were twelve applications relative to sale and subdivision of land under State and Local laws and regulations. Eleven were approved, one denied as it would have left less than one acre with the present building.

A total of 30 or more acres were reserved for the health, convenience, recreation and general welfare of the Town in the several subdivisions.

The section 7A, Regulations relating to the use and control of land for trailer parks, trailer coaches and similar mobile residences or abodes of shelter in Swanzey have been studied during the past year and revamped. These regulations are to be inserted in the warrant for 1972 under Proposed amendments to Swanzey Zoning Ordinances.

Studies have been made under State, Federal and local laws and regulations to formulate a new subdivision control. The regulations in the present zoning ordinance pertaining thereto will be incorporated in the new ordinance.

With the very valuable assistance of Mr. Richard Rourke of the Southwestern Regional Planning Commission, of which Swanzey is a member, the zoning ordinances adopted in 1947, with amendments up to and including 1971, were reorganized with minor changes. This ordinance has been inserted in the warrant for the town meeting for March 1972.

SWANZEY CONSERVATION COMMISSION

Your Conservation Commission organized itself, held meetings, sent out a questionnaire to help you understand what it is, and to request your help and participation in setting goals for the next year.

Some of the projects we have started to work on are;

Soil survey for the town.

Areas where heavy pollution exists.

Sand and/or salting of roads.

Feasibility of bicycle paths in various parts of the town.

Recreation areas for the town.

Young people are being asked to serve on the committee of the commission along with adult volunteers. (Contact us if you want to help.)

The Conservation Commission is made up of five deeply interested people who wish to serve the community, plan for wise land use, and preserve the natural areas still available for the generations to come.

Swanzy Conservation Commission
Swanzy Planning Board
Town of Swanzy, N. H.

January 13, 1972

To the Selectmen of the Town of Swanzy:

The Conservation Commission and the Planning Board of the Town of Swanzy strongly recommend that the Town acquire the services of the United States Soil Conservation Service (SCS) for the purpose of making a soil survey and subsequent reports and maps based thereon.

The Town of Swanzy contains 29,312 acres. Of this total, 4,500 acres have already been mapped; this leaves 24,812 acres to be surveyed. Current costs for this service are 44¢ per acre, half of which are provided by federal funds. Thus, the Town would need to appropriate \$5,485.00, plus a few hundred dollars for a set of color-coded maps and detailed reports. The breakdown is as follows:

29,312	acres
4,500	acres already mapped
24,812	acres not yet mapped
44¢	cost per acre for mapping
\$10,916.28	total mapping cost

The total cost divided by 2 is \$5,458.14. Thus the cost to the Town would be about \$6,000 including the items described in paragraph #2 above. However, the Conservation Commission is applying to the Ford Foundation for a grant in the amount of \$3,375.00. That amount would reduce the amount required by the Town to \$2,625.00. Thus we are submitting to the Town of Swanzy a request for \$2,625.00 to aid in financing a soil survey.

A survey of this nature would provide the Town with basic data which could be used for the intelligent analysis and planning of the following:

- a. sewage disposal
- b. land usage
 1. industrial
 2. commercial
 3. residential
- c. gravel sources
- d. land value
- e. road construction

- f. additional land usage
 - 1. woodlands
 - 2. agricultural zones
 - 3. wildlife areas

At first glance, this proposal may appear to be expensive. However, reference data of this kind would be invaluable to future planning and development in Swanzey. Therefore, it must be seen as a long range investment which will benefit the whole Town. In addition, the SCS has informed us that the per acre cost will undoubtedly increase considerably in the near future. Therefore, it is felt that it would be prudent to make this investment now.

Your consideration of this proposal will be appreciated; we request that an article be placed in the Warrant to reflect the contents of this letter.

Sincerely,

Douglas M. Leslie

Report of the Forest Fire Warden and District Chief

LEST WE FORGET — IT CAN HAPPEN HERE

Disastrous forest and brush fires that destroy hundreds of homes are more prevalent on the west coast with their dry seasons and strong dry hot winds but 25 years ago this fall is the anniversary of a disaster that devastated large areas of northern New England leaving villages in ashes with rows of cellar-holes and chimneys in a number of summer vacation home locations. Many lives were lost on that destructive day of October 23, 1947 nothing could stop the wind driven flames.

It is true that such conditions are unusual for New Hampshire but they happened once, they can happen again. The fuel for fires is all around us. All it takes is a firebrand. Only by cultivating a habit of carefulness with fire at all times can we meet the challenge of protection when dry conditions prevail. Please let these reminders be your guide:

1. Never, either when walking, riding or driving, discard a firebrand — a lighted match or a glowing cigarette.
2. Always obtain a permit for any outside burning. The burning of household rubbish is not permitted if your town has rubbish collection. Burning of grass or garden litter can be dangerous. See your warden first.
3. If you camp or picnic, be sure open fires are allowed and if they are, put them DEAD OUT when leaving.
4. MOST IMPORTANT — Instruct your children in the danger of the lighted match. A lighted match and dry grass or forest litter is a dangerous combination which leads to destructive loss and can lead to tragedy.

The past year — 1971 — was a favorable year for the control of fires. There were too many fire starts in some towns. We thank those who remembered and ask others to heed Smokey's message.

Number of fires reported and acres burned — 1971 season:

STATE — 463 fires — 160 acres

DISTRICT — 41 fires — 12 acres

TOWN — 12 fires — 1½ acres

HENRY JOHNSON, Forest Fire Warden

ROBERT BURNS, District Chief
